Spring Project Documentation

Spring MVC Part:

URL: <http://localhost:8080/springproject/>

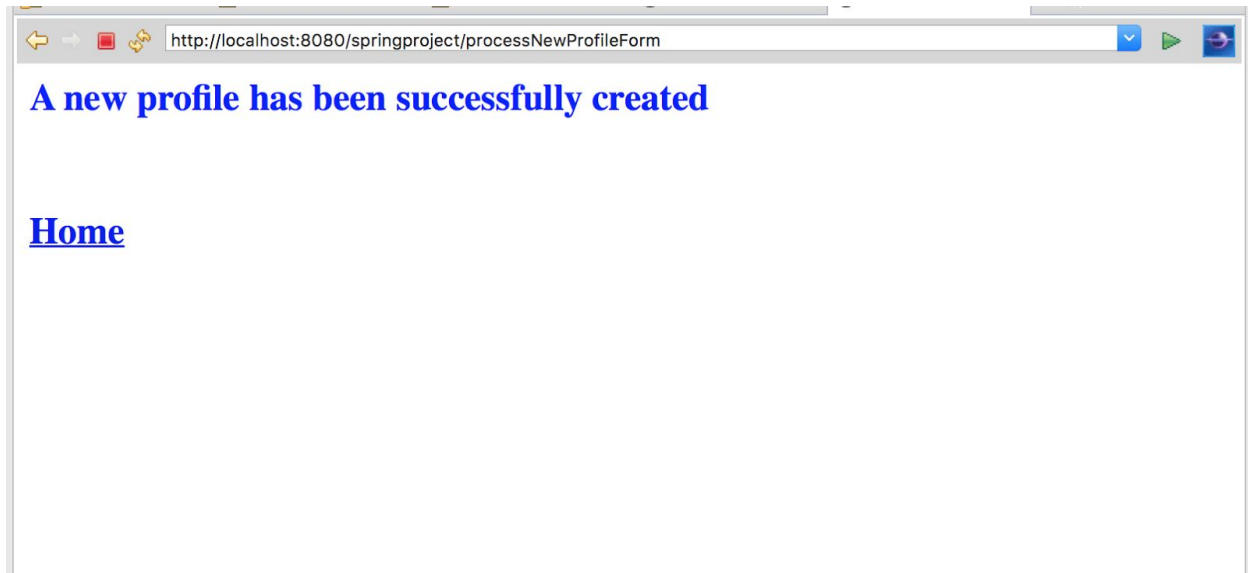

Project Home Page:

URL: <http://localhost:8080/springproject/newProfileDataForm>

A screenshot of a web browser window. The address bar shows 'http://localhost:8080/springproject/newProfileDataForm'. The page content displays 'Hello Users' in a large, bold, black serif font. Below it, in a smaller black serif font, it says 'Fill in the form to create new profile'. The main heading is 'Profile Data Form' in a large, bold, black serif font. Below the heading, there are four text input fields with labels: '???id???' with the value '20', '???ProfileName???' with the value 'kesav', '???Lastname???' with the value 'kea', and '???firstname???' with the value 'kesavreddy'. Below these fields is a button labeled '???enterBtn???'. The browser's tab bar shows two tabs: 'ProfileControll' and 'ProfileDaoTest.'. The browser's status bar at the bottom shows '63'.

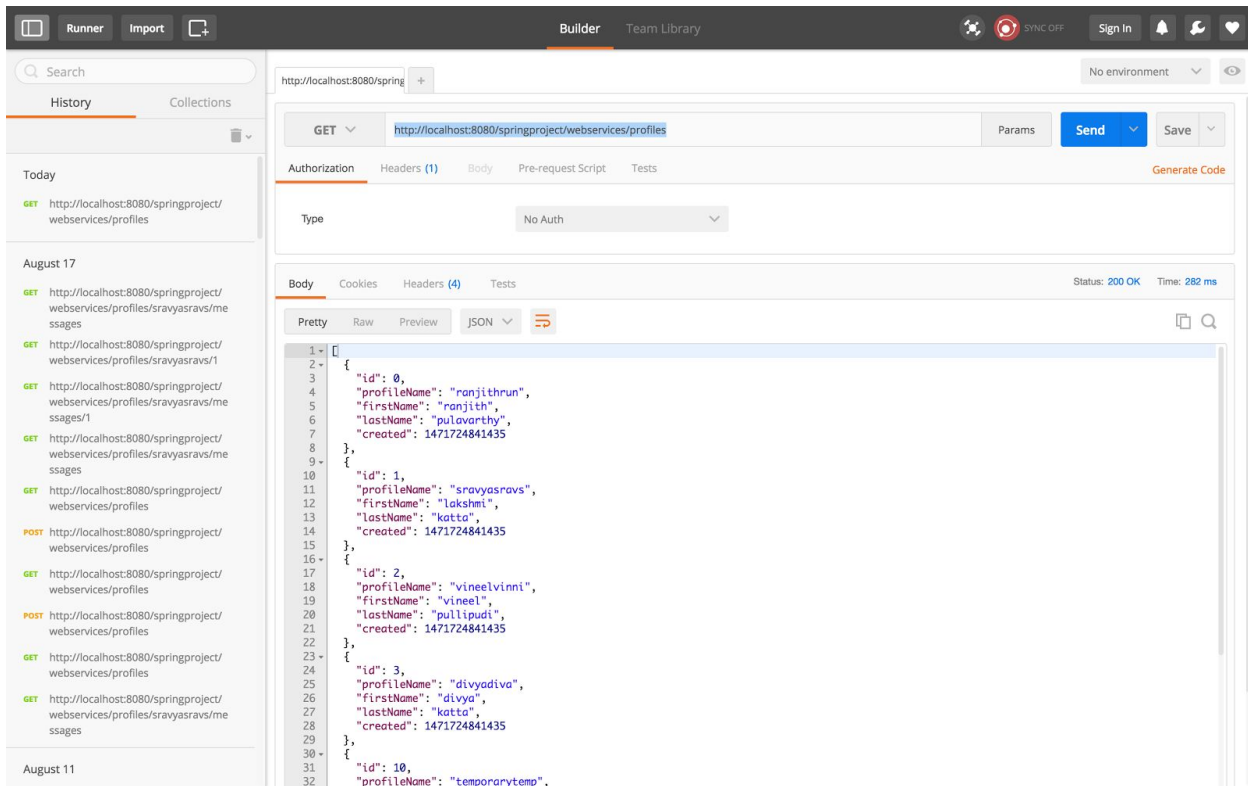

Upon clicking enter button you see the following page

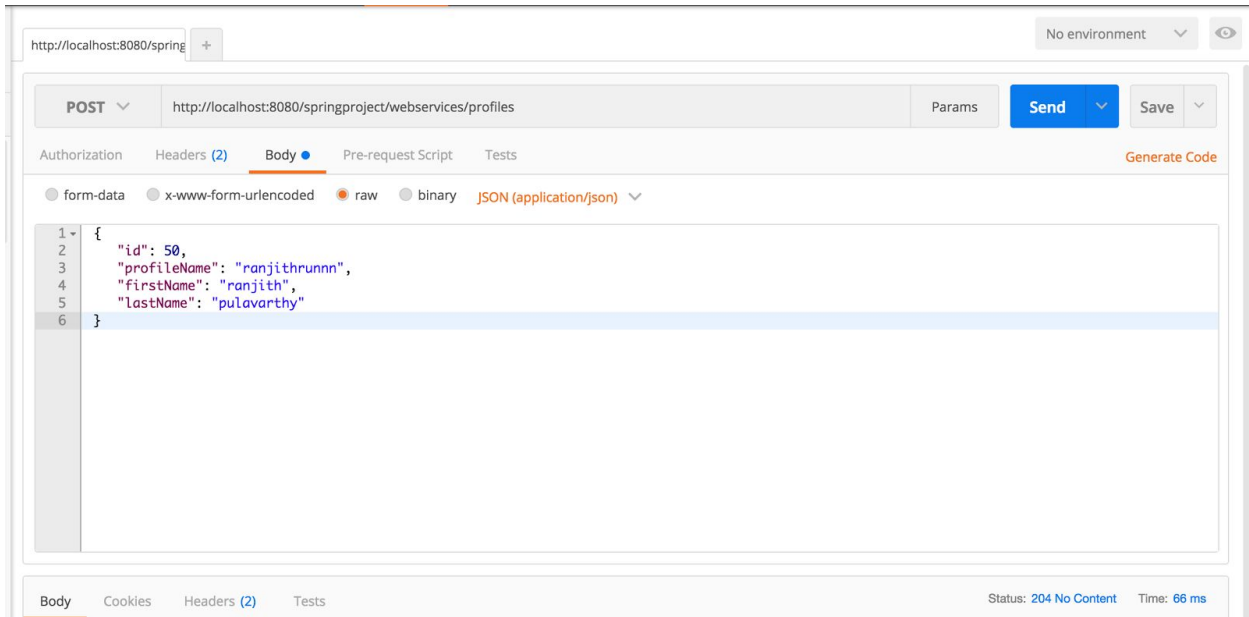

REST Web Services part:

URL: <http://localhost:8080/springproject/webservices/profiles>

With GET

URL: <http://localhost:8080/springproject/webservices/profiles>
With POST
